

# Bear-Ayr Farm

A year of firsts has just ended with many ups and downs...

## Daltondale BBK Kuddles

1st Jr. 2-Year-Old Southern National Show  
2009

## My first...

My first time winning a class at a national show. My first time winning a class with an animal I own.

It was a difficult and sad start to the year. A great mentor and friend is gone but definitely not forgotten.

A special Thank You to John Dalton for the opportunities he has given me to learn, show and own my own animals. Thank you to Nick Tetzlaff for teaching me how to clip and show, for being a great friend, and for just keeping me going when it all seems to fall apart. I will never be at his level, but I will continue to learn from him. Both have allowed me to farm. Without them I wouldn't be where I am today and not have been able to meet all the wonderful people out on the tanbark trail.
