

Senior Ayrshire Youth Book Contest

GUIDELINES FOR FILLING OUT THE NATIONAL JUNIOR OUTSTANDING YOUTH CONTEST BOOK

Junior Division – 16 to 21 Years Old

1. Fill everything out as completely as possible
2. Write your "Story of Junior Ayrshire Work". In this section of the book the judges really get to know you and your background. This section should consist of two to four neatly handwritten or typed, double spaced pages.
3. Recommendations – Make sure that you contact your two people early to write your recommendations. This will help you in two ways. One, it will assure you of not missing the deadline because you are waiting for a recommendation. And secondly, people are more likely to write a more favorable recommendation if they are given adequate time to do so.
4. Activities & Achievements – Abilities relating to leadership that have developed as a result of Junior Ayrshire Work – Almost anything can go in this section. You can explain how you have developed responsibility, how you learned to read bull proofs, how you learned animal selection, etc. The most important thing you should do in this section is to tell what you have learned or achieved by taking Ayrshires as projects. List every instance (what you feel are most important), where you have held an office or a committee appointment. List other school activities, community and church activities, or any other important activities. Also, list your champions, class winners, showmanship placings, or placings in judging or quiz bowl contests.
5. Scrapbook – This section is the "Grand Finale" of your book. Please include not more than twenty (20) pictures, newspaper clippings, and/or other materials in your scrapbook. REMEMBER – captions may not exceed 50 words! Be CREATIVE with this section. Let your personality show.
6. Interview – This formal interview will be in front of a panel of judges and will be held at convention.
